## Yahweh, The Creator

People have wondered about the origin of the universe for as long as humans have been on the earth. The Bible tells us that in the beginning, nothing existed except Yahweh. He is the Creator of all things, through Yahshua. He spoke, and the power of His Words filled the great emptiness with light, stars, water, and land. Light was His very first creation. He created the sun and the moon to give light and to measure time. Then He made birds, fish, and land animals to multiply and fill the earth with life. Yahweh looked on His work and saw that it was good. But He was not finished yet! He continued creating a most important part of His plan—Human beings, made in Yahweh's image. Adam and Eve were the first people on earth. Yahweh created them from the dust of the ground.

Yahweh completed His creation of living things and the universe in six days. But on the seventh day, He created something else—a day of rest! He created a Sabbath rest day to benefit all mankind. "Sabbath" basically means "to stop." Yahweh blessed the Sabbath and made it holy. It is a day to rest and stop working. The Sabbath is a joy and a delight. People work very hard for six days going to work or school, and it feels so refreshing to take a break on the seventh day! From earliest times, people have used the Sabbath day as a break from their work and to gather for worship.

Yahweh's days begin and end at sundown. So Sabbath begins on Friday evening and ends on Saturday evening. It is important to keep Sabbath Holy by preparing ahead of time. It is a good idea to do the cooking and cleaning before sundown, so that Sabbath can truly be a delightful day of rest.
